 - Latest developments in rapid prototyping technology.
www.ark.com.au
- 9.15pm - 9.25pm:** Questions & Answers
- 9.25pm - 9.30pm:** Usergroup Business & iPod Nano prize draw, courtesy of Intercad. See below for details.
 - Discussion on the usergroup, ideas for future meetings.

iPod Nano Prize Draw – Sponsored by Intercad.

There's a good chance you know a fellow engineer who's intrigued by the promise of 3D product design and yet, for whatever reason, hasn't made the move from 2D. Bring along the names of 5 people and why you think they need SolidWorks, and go into the draw to win an iPod Nano on the night. We'll be drawing the prize live at the usergroup meeting, so you have to be there to win!

(Referrals are those who don't currently have SolidWorks, one name per company. Prize draw will be at the end of the meeting and will be re-drawn if the winner is not present to collect.)

Peter Norman Personnel will be present to discuss your CAD personnel needs.

Please Note:

- To obtain free entry you must present membership card.
- Cover charge of \$15.00 applies to non- members.
- To help with catering, RSVP by Monday 26th November to Alby Olguner
